

1820-1835

B-3079 - B-3086

2-30 Henrietta St. (North side)

Baltimore, Md.

Private access

The group of two and a half story, two bay wide late Federal style brick houses that line this side of Henrietta St. were built by various local carpenters and brickmakers in the years between 1820 and 1835, the earliest houses being those to the west, closest to S. Charles St. 2-6 Henrietta St. were built contemporaneously with 821-829 S. Charles St. by the same builder, John Cator. 22-24 Henrietta St. is an unusual two story, two bay wide brick house set back from the street with the gable roof set perpendicular to the street instead of parallel to it. The house extends back to a depth of five bays. 26-30 Henrietta St. have been enlarged and are now all three stories in height with shed roofs and bracketed cornices.

**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This pair of 2 1/2 story brick houses with gable roof and a single dormer window apiece, were built more or less contemporaneously with other similar houses on this side of Henrietta St., that is, c. 1820. Both houses have been covered with formstone.

The houses are 2 1/2 stories in height, 14 1/2' wide, and extend back on lots about 60' deep. The original brickwork has been covered with formstone. The steeply pitched gable roof is covered with tarpaper. The dormer windows have broken pediments. Tall, double, covered rectangular brick chimneys rise at the east end of each house. The original cornice has been obscured by the formstone.

The original lintels and sills of both houses have been hidden by the formstone covering. 12 Henrietta St. has a new first floor window that is wider than its predecessor. All of the window openings of 12 Henrietta St. have modern 1/1 sash, including the dormer window. There is a modern glass and panel door. All of the openings have projecting aluminium awnings. 14 Henrietta St. retains what may be its original sash on the first floor window, with 4/4 lights. The second floor window openings have modern 1/1 sash. The dormer window retains its original 6/6 sash. A modern panel door is surmounted by a four-light transom. Both houses stand on low basements, the entrances being reached by a low stone stoop. 12 Henrietta St. has an arched alleyway running back along its west end wall; 14 has an arched alleyway running back along its east end wall.
